CHARLIE BARNET SERENADES AT PROM

The 1949 Senior Weekend opened yesterday, Friday, at 4:30 with a reception in Austin Hall. The main attraction was a huge 25 pound cake, trimmed in orchid and gold. Trinity members of the Chorale group acted as hostesses and served delicious tidbits.

Informal dancing to records played on a radio-phonograph console donated by Bailey's Music Shop was held. The Glee Club, under the direction of John Scrabulis and moderated by Prof. Burke, sang several selections. The reception line consisted of members of the faculty, faculty wives and guests. Credit goes to Chairman Lou Bernard, Walt Wallace and the fellows who helped them make it a success.

Couples danced in the evening at Memorial Auditorium under colorful Spring theme decorations, to the music of Charlie Barnet and his band.

This morning a wide variety of field events will be held on the athletic field, with keen competition among the halls for laurels.

There will not be a dinner as scheduled on the program at

Continued on page 3

Bill Hart shows how he'll cross the plate against Middlebury this afternoon. The Knights and the state champs meet at St. Michael's at 3, Saturday afternoon. Story on sport page.

Two halls battle it out in a tug of war of years gone by. Field events go on today (Saturday) at 10:30. Story inside.

A new era begins Sunday as the Rev. Louis Cheray Science Hall is dedicated. Science advances and St. Michael's keeps step with its $600,000 building. See Page 2.

No one is safe! Faculty and students alike shiver in their boots as the "Parade of the Horribles" tears apart the schools most honored (and dishonored) traditions. See inside.

St. Michael's Begins New Era, Dedicates Science Hall Sunday

by BOB LILLY

Sunday afternoon, May 15, at 2:00, the college will dedicate its new $550,000 Science Hall.

All who gave to the drive last year and other friends of the college, are welcome to attend the public ceremonies, which will also be broadcast over WCAX, according to the Very Rev. Daniel P. Lyons, S.S.E., president of St. Michael's.

Dedicated to the memory of the Rev. Louis M. Cheray, S.S.E., one of the founders who died this year, the Science Hall will be blessed by the Most Rev. Edward F. Ryan, D.D., bishop of Burlington.

Principal speaker will be the distinguished Catholic layman, Dr. Franklin Dunham, deputy director of the United States Office of Education, and a summer resident of Thetford, Vt., who is noted as an educator, editor, musician and Catholic layman. Dr. Dunham for ten years has served as director of Education and Religious Programs for NBC and was the founder and first director of the National Catholic Community Service, a branch of USO. In 1945, he became a chief of radio of the U.S. Office of Education. He is an editor of "World Affairs" magazine and serves in an advisory capacity at Catholic University.

FATHER PURTILL SPEAKS

The Very Rev. Jeremiah T. Purtill, superior general of the Society of St. Edmund, and Father Lyons will speak. Lay speakers will include James J. Carney of Burlington, general drive chairman, who will be chairman for the program, and representatives of the architects, Freeman, French and Freeman of Burlington and of the builder, the Cummings Construction Company of Ware, Mass.

In addition to the dedication of the Science Hall in memory of the Rev. Louis Cheray, the college has set aside several rooms honoring its living donors and memorializing those who have passed on.

Students and faculty who gave to the Building Fund will find that Room 212, the freshman Chemistry lab, will be dedicated in their honor. About $10,000 was raised by the two groups, Dr. Durick headed the faculty drive, and Harry Scully the student portion.

Engraved aluminum plaques in harmony with the decorations record those already remembered in the grateful prayers of the Fathers.

The program will begin at 1:50 with a procession from the College library to an elevated platform constructed to the side of Science Hall. Music will be supplied by the crack New York State Band of Mt. Assumption Institute, Plattsburg. After the dedication * there will be open house in the College dining hall. In the event of rain, the program will be held in Austin Hall.

Over 15,000 issues of the St. Michael's Builder telling of the proposed dedication of the new building have been mailed to the many fund contributors. Built with the help of over $200,000 from Vermont, student and alumni groups, the new Science Hall was put into use this semester.

* At which the seniors in caps and gowns will be special guests.

New Organization Helps Out

Chorale Features Program In Austin Hall Sat. Night

by CHARLIE GUILL

One of the features of tonight's (Saturday) varied entertainment will find the St. Michael's Glee Club - Mixed Chorale in a sequence of songs which should satisfy the most critical listener.

On the club's program we find Franck's beautiful "Panis Angelicus" along with "Salutation" and the stirring "This is My Country."

Making their third public appearance, the Chorale should be better than ever. The group participated in the Richard Ziter concert in Austin Hall a month ago and also sang before the Vermont Legislature in Montpelier.

John Scrabulis, a former student of Fred Waring and an undergraduate at St. Michael's, directs the group.

'School For Scandal' On In Austin Hall Tonight

Tonight at 8:30 Austin Hall will be the scene of a half-hour simulated radio broadcast, complete in every dramatic and technical detail.

It will be presented by the Radio Workshop in conjunction with the Knights and Knaves and Trinity College Dramatic Society, as a feature of the Junior Week-end.

The play will be a streamlined version of Richard Sheridan's "School for Scandal," a comedy of manners adapted for radio by Don Gibbons, and directed by Milton Slater of WCAX, instructor of the Radio Workshop.

At the same time the simulated broadcast is being presented it will be tape recorded, and it may be heard over WCAX on Wed., May 18, at 10:30 p.m.

The cast will include:

Bill Kennedy, Don Hayward, John Swift, Bob Hayward, George Dolan and Don Gibbons of the Radio Workshop; Tom Lambert and Francis Becher of Knights and Knaves; Virginia Berry, Theresa Leary, Patricia Brennan of Trinity College Dramatic Club; Bob Hayward will also handle sound.

Eight Plays At Summer Theater

by GARY ALBERT

The tentative plans for the Summer Theatre at St. Michael's College call for the presentation of eight plays, two or which will be produced at the end of the Summer Session.

Selections for this summer include the following: Shaw's "Candida," O'Casey's "Juno 'N the Pay cock," O'Neill's "Days Without End," and a premiere performance of a modern opera by Emmet Lavery and Ernst Krenck.

MARGARET McGENNIS

While the apprentices under the direction of Father Edward Tining, will present Eliot's "Murder in the Cathedral," Lavery's "Murder in a Nunnery," and Father Gerald Murray's "Career Angel."

This summer all Drama School students of the Summer Session will appear either in the plays presented by the St. Michael's players, or in specially selected apprentice plays.

Field Events On Saturday Morning

The undoubted athletic prowess of the undergraduates of St. Michael's will once more be confirmed this (Saturday) morning when the halls battle down to the wire for their own honor and glory and for the possession of the coveted Senior cup which is awarded each year to the winning hall in the Senior Weekend field events.

Starting at 10 a.m., on the football field, today's events include a 60 yard dash, 400 yard relay, tug of war, base running contest, baseball throwing contest and sack race.

The winning hall in each event will get 5 points. Second place will be worth three points. The third finisher will win one point for his hall.

The hall with the highest point total will win possession of the Senior Trophy.

Senior chairman of the events is Joseph Mountain. Management of the program has been given to the freshman class.

Committee members for the events are: Ed Lynch - St. Leo's; Ed Markey - St. Williams; John Suzio - St. Patrick's; Whit Bartlett - St. James; Al Castellana - St. John's; Barry Connell - Aquinas; Frank Cotter - OH 2; Tom Meaney - OH 3; Jim Fitzsimmons - OH 4.

The announcer will be Al Castellana and committee members will be judges.

Bigger Proms—Lower Prices Discussed By Vt. Colleges

St. Michael's prom in years to come may never get much bigger or better than this one but there's a good chance that they'll be a little less costly.

At a meeting at Norwich last Monday representatives from St. Michael's, UVM and Norwich got together and discussed ways of coordinating activities of the three schools. It is expected that Middlebury will take part in the next of these, "Vermont Intercollegiate Conferences."

One of the main points brought up last Monday was that the four schools could possibly save amounts up to $500 if they could coordinate their prom dates so that one band could play at two of the schools on successive nights.

Under this plan St. Michael's, for instance, could book a name band for a Friday night and Middlebury or Norwich could arrange to have the same band on Thursday or Saturday. By guaranteeing two dates instead of one both schools could possibly save up to $500.

Other plans under consideration would have the schools exchange lecturers and award athletic prizes.

Monday's meeting was in the nature of an informal discussion chiefly for organization purposes. The group made plans for more meetings next fall.

St. Michael's delegation included: Francis McMahon, Tony Cauley, Jack Daly, Joseph Mountain, Bob Flanagan, Omer Contois, and Art Fraser. Arrangements were handled by the SAC.

This was the second conference of this type. A year ago Vermont held one of these conferences.

Host school this year was Norwich which gave the delegates a traditional Norwich welcome, complete with turkey dinners.

The Proms Of Past Years Couldn't Match This One

This year's Junior Prom shows promise to be a high mark in St. Mike's history. Charlie Barnet has developed a pleasant style of music, with emphasis more on the sweet and mellow. Reports from the last college he played at have been very favorable.

The first prom was held ten years ago. That prom and those that followed had local, college bands playing. They were small affairs, but as the school grew, so did the size of the proms.

Discontinued during the war, the proms took on new proportions with the increased enrollment. In 1947 Boyd Reyburn brought the first band of any wide fame here. The Prom as a whole was a great success, but opinions as to Reyburn's style differed. Last year the New Hampshire "Wildcats" proved very popular and aided greatly in making the dance a success.

But up to this Prom no class has attempted to undertake bringing up a band of Barnet's reputation and price. It definitely puts our Junior Prom up among the big college dances. It marks another step forward in the making of a greater St. Michael's.

No New Dormitory For the Present

St. Michael's College will not build its proposed dormitory until building costs drop, the Very Rev. Daniel P. Lyons, president of St. Michael's told the MICHAELMAN this week.

Father Lyons said that he had completed negotiations for $500,000 to finance the much needed 200 student dormitory. However, he has been advised that building costs are certain to drop in the coming year and that the college will be able to get more for its money by waiting. The institution which has offered to finance the dormitory is sufficiently interested in St. Michael's and its development to advance the money as soon as conditions for building are better.

The dormitory would be the second postwar addition to St. Michael's campus. The new Science Hall, due to be dedicated May 15, was originally scheduled to cost $400,000. but rising costs of material and equipment boosted the price to about $550,000.

Father Lyons said he was disappointed that work could not begin at once, but added that he felt that the prayers of the student body and faculty had helped in reaching the right decision. For the prayers he voiced his own thanks and those of the society.

Vets Subsistence Checks

All veterans leaving the campus before May 31, must see Fr. Stankewicz and make arrangements for the payment of any bills and the mailing of checks.

ALL VETERANS WILL RECEIVE A CHECK AT THE END OF JUNE for either 3 or 18 days as signed for. Veterans are requested to fill out the VA Form at the Registrar's Office to have this check sent directly to their home address.

NO PARKING SUNDAY
ON CAMPUS
Until 6 p.m.

150 Schools Elect Clem Ferris, Treasurer

The St. Michael's delegates to the NFCCS convention in Chicago, where one of their members was bestowed with the honor of a National Office, returned Sunday evening after a trip that offered "all work and no play."

The four Michaelmen delegates were: Walt Coon, Frank Merrigan, James Guimond and Clem Ferris.

The honor of the National office fell upon Ferris, popular St. Michael's Junior. Clem defeated two other nominees for the office of Treasurer at the National Convention, which was represented by approximately 150 colleges. Others elected to National offices were Thomas A. Brickley, president, a twenty-three year old pre-legal student at St. Vincent College, Latrobe, Pennsylvania; Richard T. Murphy, 1st vice-pres., a student of Canisius College; Peter H. Kuntz, 2nd vice-pres., a junior at the University of Dayton; and third vice-pres., Joseph T. Hylard of Loyola University in Chicago. All have had competent experience in the NFCCS and are expected to fulfill their duties with the unceasing ardor that has made the NFCCS the fine organization that it is today.

The immediate concern of the NFCCS is the Catholic student and the fulfillment of his vocation. It serves as an instrument whereby the student may better realize and fullfill his responsibilities in the world both as a student and as a lay-apostle. For this reason the Sixth National Congress chose as its theme "The Catholic College Student - A Call To The Lay Apostolate!" and proceeded to carry on its work from this point.

CONTINUES STUDENT RELIEF

Among the chief issues which were discussed was Student Relief. It was decided that this year the relief would be a combination which would satisfy both the intellectual and corporal needs, with emphasis being placed upon the intellectual. The goal that the Federation set last year for the attainment of the Student Relief was $500,000. This year, however, it will be approximately $800,000.

According to the delegates the question, "Is there a need for Student Relief?" can best be answered clearly and concisely by the one word, "Definitely." Last year the students raised approximately $150,000, and so far this year about $126,000 has been raised.

Clem Ferris, National Treasurer of the 150 school NFCCS.

In the Panel Sessions many topics of especial importance to the Catholic Student were discussed and much was agreed upon. In the Panel Session on Inter-American Action it was resolved by the NFCCS that this organization would do its utmost to abolish discrimination in any field into which it could extend its influence. Pertaining to the same question they further resolved to recommend to the NCWC that that organization use its influence to have formed an assistant Secretary of State, of which there is an immediate need, and that this Secretary of State be a Catholic, since 95% of Latin-Americans are Catholic, and therefore, a Catholic would be best suited to the job.

It was also resolved that every effort should be made to get the Latin-American Catholic students who are studying in America, into Catholic Colleges. As regards International Relations it was generally decided that "the National Commission of International Relations will promulgate the Catholic Viewpoint on International Programs."

Not failing to recognize the all important power of the intercession of Mary, the Mariology Commission encouraged the continuance of May day observances, and that they should be strengthened where they already exist, and where they don't exist new ones should be formed.

These are but a few of the Panel Sessions that were given consideration. Among the others, there were discussions on International Relations, the Press, Liturgy and Catholic Action Study, where it was pointed out that on boarding campuses where all the students are Catholic, Catholic Action will help them to live better Catholic lives, and that the greatest enemy of Catholic Action is indifference. Also receiving much consideration and debate was the question of Federal Aid.

Among the eminent speakers at the Congress were Bernard DeHoag, President of the Pax Romana, His Excellency, Bernard D. Sheil, D.D. Auxiliary Bishop of Chicago, and John Julian Ryan of Boston College. **by Ray Doherty**

Biggest Weekend Yet

Continued from page 1

12:30.

The Parade of Horribles will get under way at two. This event goes away back in the traditions of the college and always proves highly entertaining. Some of the halls and off-campus houses have been planning for this event for a long time and are expected to come up with some startling acts.

The baseball team will be out to keep up its winning ways at three when they tangle with Middlebury. With both schools gunning for the state title, this game should be one to see.

The evening's activities will get under way at 7:30 with singing by our fine Chorale group. In addition to the singing other forms of entertainment are planned.

The Radio Workshop will put on a live radio show over WCAX from the stage of Austin Hall at eight o'clock. The stage will be arranged as an actual station studio.

At the conclusion of the radio show informal dancing will take place.

Mass will be celebrated at ten Sunday morning. Our new Science building, which is being dedicated to Fr. Cheray, will be officially dedicated at two o'clock. Following the dedication open house will be held in the building. Last official event of the weekend is the buffet to be served in the college dining hall at three Sunday afternoon for Michaelmen and their guests.

Powers Heads Debating Club Election Held After Trip

Election of officers for the coming year and a report on the last debating trip highlighted an important meeting of the Debating Club, last Tuesday.

Officers elected for next year are: President, Don Powers; Vice-president, Bob Gelinas; Secretary, Ed Kosicki; and Treasurer, James Coyne.

On last week's trip one affirmative team composed of Francis Regan and Donald Powers, and a negative team composed of Jack Burke and Howard Lancour debated the topic "Federal Aid to Education." Mr. Murphy accompanied the teams as moderator, and Ray DeForge acted in the capacity of Business Advisor.

Among colleges participating in debates with St. Michael's were Springfield College, M.I.T. and St. Anselm's College. The St. Michael's team returned with a record of two wins, one loss.

FIRST DEBATE AT ST. A'S

A unique feature of the trip was the debate with St. Anselm's College, Manchester, N.H. This marked the initial debate of St. Anselm's in intercollegiate circles. There was some consolation in losing to Springfield since it is coached by George Henderson, a SMC alumnus.

The meeting adjourned after a rousing vote of appreciation to retiring officers Francis Regan, president; Ray DeForge, secretary; and Bernard Duffy, treasurer, for the splendid results accomplished during the past year. Plans were made for the club banquet to be held Tuesday, May 17.

SSE-1 DP Family— Shelters Another

by G. BRESNAHAN

The Fathers of St. Edmund's, themselves a displaced family when exiled from France in 1903, are at present aiding another displaced family, the first to be brought to Vermont since the end of the war, to get a start in establishing themselves in their new surroundings.

Fr. Cain, head of Burlington Catholic Charities contacted Fr. Lyons and Mr. Buchan. Because Fr. Stankewicz and some of the students speak Polish and could act as interpreters, it was decided to bring the family to St. Michael's.

The family consists of Mr. and Mrs. Gregory Boryczewski and their 18 year old son, Michael. After their ill treatment as forced laborers in Germany, having been driven from their home near Pinsk in Poland, this family well deserves the kind assistance of the priests and nuns.

The Sisters of St. Martha have made available a room between the convent and the kitchen which Mr. and Mrs. Boryczewski now occupy. Mr. Boryczewski will work on the campus grounds, while his wife will work in the laundry.

Michael, will soon go to a nearby farm to work, learn the language and new customs and develop a trade. The former DP family of St. Edmund's has contributed greatly in assisting Vermont's latest DP family in initiating a new life and a new home.

The Mystery of Prevel Hall

The character of the Society of St. Edmund, and of generations of Michaelmen, has been indelibly stamped on the buildings and campus of St. Michael's, developed from a few farm buildings on a corner in Colchester, to an expansive educational institution, now numbering more than 30 buildings.

The physical profile of this section has been materially changed, since the day, nearly 50 years ago, when the courageous founders arrived here to begin, among a mountain of difficulties, their educational endeavors. The former residents of St. Edmund's, St. Joseph's and Prevel Halls, and the surrounding farms, have all passed from the local scene, and their farms incorporated into the growing St. Michael's.

But, tradition has it that at least one former resident has been loath to leave his ancestral home, and those who have experienced it will tell you, that on certain nights, when the moon is right, he can still be heard moving furtively about his accustomed haunts in Prevel Hall.

Though heard by many, the ghost of Prevel Hall has thus far appeared to no one; like all true ectoplasmic individuals, his presence can better be felt, than seen. Nor, as might be believed, is he a hostile spirit. His friends on campus are quick to insist on the marked friendliness of his attitude. They maintain that his desire to remain here is not provoked by any motives of vengeance, but rather, that seeing the use to which his former property is put he somehow understands and,.....approves.

Question: What is your conception of the future St. Michael's College?

LEO DENAULT SPRINGFIELD, MASS.

I hope that St. Michael's will always be a school of about a thousand students. That way it can continue to give individual attention to its students. Ten years from now, I would like to see a few more new buildings on campus, mainly two new dorms and a chapel. I would also like to see a more beautiful campus in the sense that it possess a few of the traditional weeping willows. It would be nice too if the school could close down for a year and let the grass grow. Michaelmen really believe in not letting any grass grow under their feet.

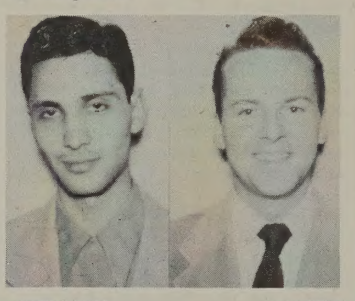
DENAULT MARINI

MARIO MARINI DETROIT, MICH.

I conceive a future St. Michael's which will possess a "school spirit" that will make it outstanding. This will be the result of an intensive program of active societies and clubs and a sense of pride in and loyalty to St. Michael's on the part of the students, individually and collectively. Strong athletic teams competing in intersectional rivalries will be only one part of this future St. Michael's.

JAMES SPELLMAN DOVER, N.J.

St. Michael's should have a great future because the present expansion not only includes the addition of modern buildings to the campus and better athletic teams, but also a more enriched curriculum to give the student a well-rounded intellectual development.



SPELLMAN McMAHON

FRANCIS X. McMAHON BRONX, N.Y.

In 1959, I believe that the school will have an annual student body of approximately 900

Campus Static

John Trotier and bell were on hand at Monday's UVM game to take up where they left off when the basketball season ended ... We hear that the fair sex at UVM has recently taken to smoking cigars ... Wonder if Bill Heenahan had anything to do with this new fad? ... Chub Helfrich's 'school of the dance' has been doing a rushing business in St. James. Office hours, one to two a.m. ... The boys from Upper East Allen St., claim that Delta Mu's star center fielder, Charlie Conway, uses two pair of arms ... After a long winter, Gerry Cote finally got someone up to the fort for a game of chess... Along with the prom, one of this week's big topics of discussion among juniors has been the merits and demerits of off campus living ... Wonder how many will be back off next year? The new basketball courts and horseshoe pits have been getting a big play ... Pity the poor baby sitters when Lem Lloyd starts teaching them how to mount a horse ... We don't know the name of the song that Red Moynahan is singing but it definitely isn't, "Don't Get Around Much Anymore."

Joe Lemay is an exception to the rule that few young married couples own bibles. This has elevated Joe to new heights in the esteem of the members of Father McIssac's 9:30 Religion class.

Buck and the alley cats escorted for Joe Rutkowski on his date last Saturday. Delta Mu saved in a softball game by Chief Barber shooing them off the cow pasture in the 7th (alley cats leading) ... Charlie Flanagan heard over the radio quite a lot the past week ... Do you belong to the Four per-cent club? If so watch out or you will be among the "disappeared" ... How do you spend your time when not in classes? Lounging in the library reading rooms ... How many students go steady. Many stagger ... Is it the general rule or the exception? General rule ... These are some of the questions asked Bob Digan and some of the answers received... Frank Potvin says, "I didn't want to go to Boston this week anyway." Nick Romano was all worked up the other day when Jim Walsh put a bomb in the motor ... George Dolan seen the other day in Winooski with three lovely damsels ... Jack Dillon has a date with three babies Friday night ... One is only eight but the other two are eighteen. That is, months of course.....

Shamrocks and Shillelaghs

Shamrocks to the N.F.C.C.S. for their fine job of representing the school in Boston and Chicago. To Clem Ferris on his election to National Treasurer. To Walt Coon, Jim Guimond, Frank Merrigan, and Frank Reagan for their untiring efforts. To the Debating team for their fine work through the past year.

Tony Cauley

Last Monday evening, this writer and Editor Bob Flanagan represented THE MICHAELMAN at a conference to promote better student understanding in the Vermont Conference. Norwich University was the host, and the entire evening was done up in grand style. After a turkey dinner, in which we all batted one-thousand, discussions were held that covered a number of things of which we will concern ourselves here with sports.

The first man introduced was Coach Joe Garrity of Norwich, whose talk centered on the subject of hospitality to visiting teams. Joe put forth many good points, one being that a home team should provide a guest manager to show the visiting squad around. Many times a team will arrive at a strange locale, and someone familiar with the surroundings will always promote good will by getting things squared away. Sometimes it can be carried a little too far. One time a Garrity coached Norwich baseball team was playing somewhere out of state. The home team provided the guest manager, who was the most co-operative soul in the world until the game got under way. At that point, the guest manager started heckling the entire Norwich team from the Norwich bench.

Coach Joe and about nine assorted Maroon baseball players didn't go for that one bit, and needless to say, the guest manager was relieved of his duties before much of the game had been played.

TROPHY TO CONFERENCE CHAMPS

After Coach Joe's talk, plans were laid for a trophy to be awarded to the Vermont Conference Champs. Upon what merits a school can be awarded the trophy is certainly a problem, because St. Michael's does not play Middlebury in football. If this were a reality, then it would be a simple matter to establish a true conference champion, because football provides the keenest competition and we could start something up here that resembles the Big and Little Threes, Little Brown Jug, etc.

However, until St. Mike's and the Panthers get together on the gridiron, something else has to be figured out, and the best suggestion was that of a percentage system involving the three major sports. This question and any others involving the trophy or award, will be discussed at the next meeting scheduled for the 18th of this month, at the University of Vermont.

Things are certainly looking up for the ball team. After that extra sweet win over the Catamounts, let's keep the ball rolling toward the first leg of the proposed trophy.

Knights Fail In Clutches, Lose to Midd. and Clarkson

by RAY HOWLAND

Bad opening innings, the thing that has been playing havoc with the St. Michael's baseball team all season, cost them two more losses last week, as the Panthers of Middlebury and the Engineers from Clarkson outscored them 8-2 and 9-5, respectively.

Coach Doc Jacobs started Jim Devaney at Middlebury and the Panthers immediately greeted him with three runs in the first frame, enough for the victory margin. In the third the Knights came up with a single tally but the Panthers came back with two more in the bottom of the same stanza, two more in the fifth and a single score in the seventh.

The Knights added their final tally in a desperate ninth inning rally. Bill Hart, Tommy Sullivan and Devaney were the only Purple batters able to garner safeties off of Middlebury chucker Jim Newman.

TOO WILD

In the Clarkson game, a Sunday affair, it was again a case of too much wild playing as the Engineers ran up a four run lead before the Knights had come to the plate. In the second frame Clarkson scored three more runs off the Purple Knights and starter Ray Doherty. Those seven runs were scored on a walk, five base hits and an error by Johnny Dean, his first after 183 consecutive errorless chances.

St. Michael's came to life in the third and fourth innings cashing in for single scores and added two more in the seventh. A walk to Bill Hart and a double by Dick Fitzgerald drove over the final Purple run in the eighth. Clarkson added their single insurance markers in the sixth and seventh innings.

The Knights outhit the visitors 10 to 9, but failed to come through in the clutch, leaving 15 runners on base. Of those ten hits clean-up man Don Naples collected three of them to keep his average well over 400. Rightfielder Tommy Sullivan, who is really starting to find his "slugging eye" poled a long triple in the fourth inning.

Six errors in the two frays didn't help the St. Mike's cause.

BILL HART IS FIRST ATHLETE HERE TO WIN THREE LETTERS IN SPORTS

Of all the dreams of Mr. and Mrs. Henry Hart of Williamstown, Mass., the greatest - and seemingly the most fugitive - was to have their five sons and one daughter attend college, live and play with their fellow men in permanent peace and respect, and prove that in many ways this country is one of liberty and equality for all.

Of all the dreams of Mr. and Mrs. Henry Hart of Williamstown, Mass., the greatest - and seemingly the most fugitive - was to have their five sons and one daughter attend college, live and play with their fellow men in permanent peace and respect, and prove that in many ways this country is one of liberty and equality for all.

In retrospect, the Harts had a long and tough grind, a herculean haul to insure their children's future. The word Negro and the Institution College are sometimes two completely different things.

But the Hank Harts' patience once again has been rewarded with the announcement that Billy, the next to youngest child, has made his collegiate mark at St. Michael's.

Billy's achievement - he's St. Michael's first three-major letter athlete in 15 years - is just another milestone, however, in the Harts' long battle for their children. But with Billy firmly entrenched at Winooski Park, their battle has been won.

PRIDE AND JOY

For all of Billy's brothers and one sister have attended or are attending college now, and Billy's feat of becoming St. Michael's first grid, court and diamond ace since 1934 is just another headline in many which the Hart children have compiled since Margaret won her intramural letter at Williamstown High and entered the teaching profession in an Indiana school.

Billy, one of Williamstown's pride and joys and by far its most erstwhile athlete since brother Tom chalked up five letters at WHS and raced with the famed Les MacMitchell on NYU's outstanding relay team, couldn't miss becoming St. Michael's first three-major letter athlete, however. It was just the piece de resistance of many notable athletic feats the five-seven Western Mass. star has rolled up over the years.

Hart, St. Michael's first outstanding Negro athlete, and, incidentally, one of the two Methodist students matriculating at Winooski Park, is a member of the class of '51, and is a history major.

So, Bill's got a few more years ahead of him to really lay it on the Purple foes. But already Bill, with his football, basketball and baseball ability, has added an "a" to St. Michael's once sports "sag," making it a saga in red, white and blue.

At Williamstown High, Billy was little less than sensational. He captained the court quintet for three years and was the baseball nine's leading sticker for three straight seasons. In

Knights Outlast Vermont To Win Wild Tilt 11-10

In a wild and woolly game such as was never seen in Brooklyn, the St. Michael's College baseball team took their third victory of the season last Monday, as they outscored their arch rivals from the University of Vermont by the score of 11-10.

Vermont	6	0	0	0	1	0	0	2	1	- 10
St.Mike's	2	2	1	6	0	0	0	0	x	- 11

The game was featured by extra base hits, walks, errors and circus catches, with the St. Michael's club winning in all departments except the walks given.

Vermont opened the fire works in the first inning, pouncing on starter Paul Galarneau for one hit and six runs as the Purple had their usual "loose" opening inning. Eddie Kotlarczyk, Vermont starting pitcher, drove in three of those six markers with a long triple to left.

From the first stanza until the late innings, with Jim O'Donnell keeping the Cats in check, it was the Knights who took over the show as they picked up two runs in the bottom of the first and second innings, plus a single tally in the third.

SULLIVAN HOMERS

The fourth inning saw St. Mike's in the person of Tommy Sullivan go all out as he blasted a 400 ft. home run to deep right field with the bases loaded. Ralph Kehoe, who had relieved Kotlarczyk in that inning, had previously allowed singles to Hart and Naples, plus three straight walks to set the stage for "Sully's" game telling blow. The Knights now had the lead 11-6.

From there Kehoe settled down and it was UVM's turn to get back into the act, as they came across with a single tally in the fifth, two more in the eighth and a single score in the ninth.

The ninth uproarious finish. Alertness on the part of Johnny Dean and Don Naples, who pulled off two sharp pick-off plays at second and first saved the day for the Knights, after they had pulled a couple of fielding boners to aid the Vermont rally in that Merriwell ending ninth frame.

Hart, Sullivan, Naples and Fitzgerald each got two hits for the Purple, with one of Hart's being a two run homer to deep left center in the second inning.

Jim Fleming tagged what looked like a sure extra base blow to right field in the third, but Vermont's Art Collier made a desperate grab and found the ball sitting in the webbing of his glove.

SMC-State Champs In Game Here Sat.

by WHIT BARTLETT

Sporting a rather unimpressive record the Purple Knights baseball forces square off to-morrow afternoon against a good Middlebury College nine.

It will be the second meeting of the year between the two clubs. The Panthers won the first game 8 to 2 when Jim Newman held the Knights to three singles.

Middlebury is at present in first place in the Vermont Conference. The Knights are in the second slot and will have to turn the tables on the Panthers to have a chance for the imaginary bunting.

The Knights pitching staff is well rested as all the pitchers have had five days to rest. The last game the Knights played they outlasted the U.V.M. nine to take a 11-10 decision.

On next Monday the Knights entertain the Champlain team. Not much is known about the Bluejays except that a weak Norwich team holds a decision over them.

On Wednesday the Knights take off on a two day trip through upper New York State where they will take on the Clarkson and St. Lawrence nines. The 18th finds them in Potsdam, New York,

BILL HART

Continued from page 5

his junior year, Bill was named to the all-western Massachusetts small-schools' quintet. In a court game against Arms Academy, he scored 22 points in one period - an event which he recalls as his biggest sports' thrill to date

It was natural for Billy - one of St. Michael's most liked boys and one who jives with sports as well as does ham with eggs, to romp to even loftier heights upon entering St. Michael's.

His ability is shown in his remarkable football feats. Although he never played scholastic football, Bill was St. Michael's leading freshman scorer in '47.

In freshman basketball, he paced the quintet to 12 wins in 13 games; in freshman baseball, his heavy stick work was instrumental toward an impressive season.

With only one year of organized pigskinning behind him, Bill, however, picked up where he left off with the advent of varsity football last September, with a hair-line, 13 yard romp. Hart scored the crushing TD in a 13 - 2 upset win over Vermont.

In basketball, Hart, named one of the team's most outstanding performers, cashed in with 204 points, 14 below the former all-time record. He was chosen All-State, honorable All-New England.

In Game Here Sat.

Continued from page 5

to play off a game that was postponed earlier in the year. The next day they journey to Canton, New York, to oppose the Larries. Clarkson already holds a 9-5 verdict over the Purple.

Not much is known of the Larries as no advance information has been received at this writing.

HILL WIND

Continued from page 4

and that St. Michael's College will be one of the outstanding colleges of New England both in scholastics and athletics.

JOE MOUNTAIN PITTSFIELD, MASS.

Within a few years I expect to see a smaller St. Michael's. By that I mean one with an enrollment of about 800. Off-campus students will be a thing of the past and there will be a return to the discipline of old. This will include compulsory Mass in a chapel able to hold all the students. There will be a return to the closer relationship between student and professor that typified the "old" St. Michael's with a continuance of the new and varied courses that have become a part of the " New" St. Michael's.

Purple Yearlings Top Midd Frosh

The St. Michael's Squires chalked up their second victory in as many starts by smothering the Panther Frosh 9-2 at Middlebury last Monday.

The Mikemen put the game on ice in the second frame by scoring five runs to make the count 5-0. With Duffy, Cronin and Maloney on base Haggerty slammed a base cleaning triple over the right fielder's head. Haggerty was singled home by Temperilli.

Provost then forced Temperilli, but a moment later Johnny was camped on third as a result of a steal and an error. He scored on Coggio's single.

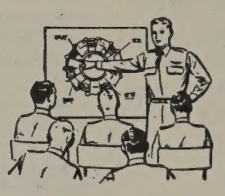
A SPECIAL OFFER

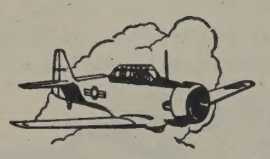
TO THE GRADUATING CLASS . . . JUNE '49

You May Be Accepted for an Early U. S. Air Force Aviation Cadet Training Class

If you are a college graduate, married or single, between the ages of 20 and 26½ and physically and morally qualified, you may be accepted for assignment in the U. S. Air Force Aviation Cadet classes starting in late summer or early fall.

You get a well-planned course, valued at $35,000 . . . this includes about 275 hours of flight training, and the finest aviation education and executive training in the world.





Win your wings and then start a career with a future . . .

College men are today's leaders of the U. S. Air Force. With new and complex aircraft and equipment being developed, scientific research becomes more and more important, increasing the need for college-trained men.

As a college graduate *you* will have an unlimited future in aviation fields of personnel management, operations, materiel, supply, research and development.

It's a year of learning, flying and time for recreation with a hand-picked top-string team of Americans.

Upon assignment to an Aviation Cadet class you will be sent to one of the U. S. Air Force bases in Texas for the world's finest aviation training.

Here you will receive about 175 hours of flying instruction in the Texan T-6 trainer plus an extensive course in aviation education and executive training. Navigation, fuels, weather, radio and radar are some of the subjects you will take.

During this training period you'll find plenty of hard, fast action to keep you fit and trim . . . the best athletic facilities are available. Upon completion of training, you will win your silver wings and receive a Reserve commission as second lieutenant in the U. S. Air Force. Outstanding gradu ates receive Regular commissions upon graduation.

OFFICER CANDIDATE SCHOOL FOR COLLEGE GRADUATES

If you can meet the high standards required of candidates for officer training, there's a real future for you in the U. S. Air Force. Capable young executives are needed for positions of responsibility in *non-flying* assignments . . . management, communications, engineering, research and other fields. That is why the Air Force is offering qualified, ambitious men and women with college training an opportunity to prepare for leadership in the air age.

WIN YOUR WINGS

U. S. AIR FORCE

Single or married men with two years of college (or who can pass an equivalent examination) between ages of 20 and 26½ with high physical and moral qualifications, act now! Get full details at your nearest Air Force Base or Recruiting Office or write: Chief of Staff, Headquarters United States Air Force, Attention Aviation Cadet Branch, Washington 25, D. C.
